

### FEATURES & BENEFITS

Versatile function and expandable, stable, fast speed and high precision, up-down Z-axis, friendly UI and easy to operate, low power consumption

### AVAILABLE OPTIONS

Auto feeding system, chuck rotary attachment which enables 3d marking, also different laser wattage is available from 20w to 60w.

### PACKAGING

Net/Gross weight: 100kg  
Machine Size  
800mm\*650mm\*1450mm  
Packing size:  
850mm\*750mm\*1000mm

### What's in the package?

User Manual, Chiller, Software  
CD, USB Cable, Power Cord,  
Tool Box, Air Pump

## RCCL Series Laser Marker

RCCL CO2 laser marking machine features high precision, fast speed, and controllable marking depth as well as long continuous working hour with maintenance-free. The optical system can up-and-forth freely. Dedicated industrial-control computer, is adaptable and working stably to enable continuous and stable operation all day long. Adopting red dot positioning system to make an accurate position to avoiding wasting material. With multiple control tools, users can freely interact the control system with the external equipment.

### Suitable Materials

Nonmetals such as acrylic, double color board, Plexiglas, glass, bamboo, wood, rubber, marble, granite, ceramic, porcelain, tiles, leather, cloth, plastic, stone, ABS, MDF, paper, hard paper, laminates, rubber, crystal, films, electronic components, etc.

Co2 laser marking machine is mainly used for marking of nonmetal materials, which include food, leather, wood, stone, bamboo, acrylic, plastic, MDF, ABS, paper board, and so on. It is widely used in education, research, manufacturing, electronics, DIYs, handicraft making, gifting industries.

## Technical Specifications

Model	RCCL Series Laser Marker
Laser power	20w 30w,50w,60w
Laser wavelength	10.64μm
Repetition frequency	≤25khz
Working area (can be customized)	100*100mm,140*140mm, 200*200mm,300*300mm
Engraving depth	≤3mm
Engraving line speed	≤7000mm/s
Min width	0.1mm
Min character	0.4mm
Repetition accuracy	±0.01mm
Total power	1.2kw
Voltage	220V/50HZ/8a
Cooling mode	Water cooling
Control system	China JCZ

### SERVICES AVAILABLE

Technical Support  
Installation and Setup  
Maintenance  
Application Support
